

GUARDIAN 275[®] HURRICANE PROTECTION

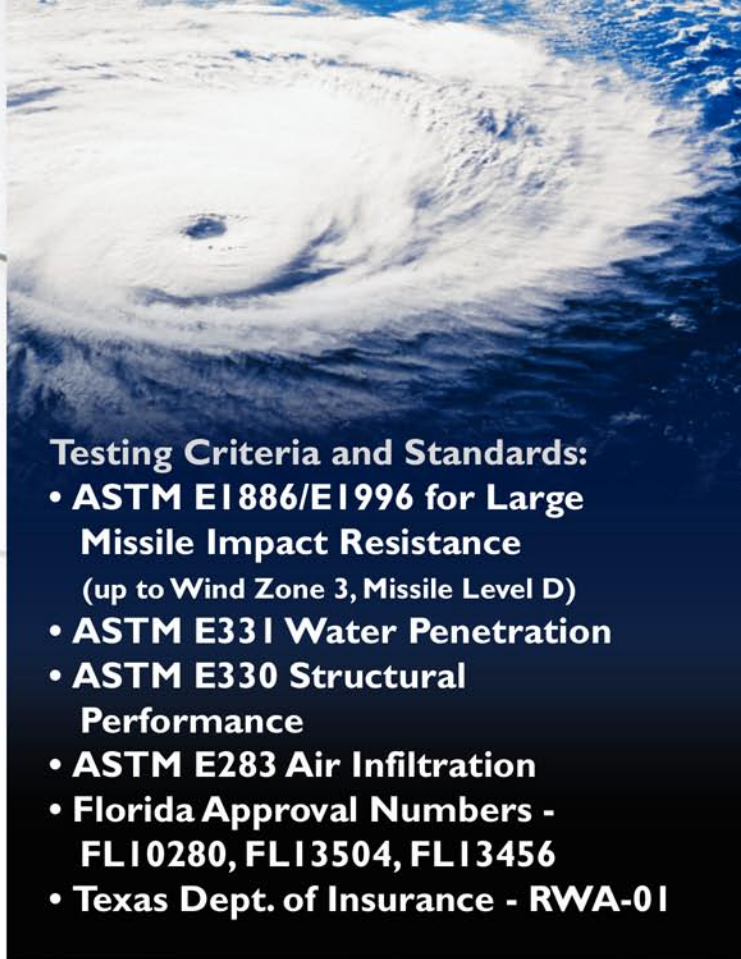

Don't sacrifice the energy-saving benefits of daylighting for secure hurricane protection.

Major Industries' Guardian 275[®] Translucent Systems, now approved for use in most Florida counties and more than 95% of the hurricane zones in North America, can be configured to provide **unmatched protection from the elements** while allowing glare-free natural light to illuminate building interiors.

In order to receive Florida approval, Major's Guardian 275[®] Translucent Systems had to withstand a variety of missile impact, water and air infiltration and pressure load tests. Guardian 275[®], with its unique design and use of **high-performance materials**, offers strong protection without sacrificing the numerous health and environmental benefits that daylighting provides.

Guardian 275[®] Translucent Daylighting Panels feature a tough **sandwich-panel construction** consisting of an aluminum grid core between two high-performance face sheets. Major's Guardian 275[®] Hurricane System also features Ultimate Series[™] high-impact translucent face sheet for even greater **protection from flying debris**. In any configuration, Guardian 275[®] systems are lightweight, provide enhanced thermal performance over standard glass systems and feature integral water management systems and high-performance gasketing to ensure **weatherproof performance**.

To learn more about Guardian 275[®] Translucent Daylighting, and for a **free 28 page catalog** detailing the LEED-friendly and protective benefits of Guardian 275[®] Translucent Skylights and Curtainwall, call 888-759-2678, email us at sales@majorskylights.com or visit www.majorskylights.com. For more information about Florida building requirements and codes, visit www.floridabuilding.org.

- Testing Criteria and Standards:**
- **ASTM E1886/E1996 for Large Missile Impact Resistance** (up to Wind Zone 3, Missile Level D)
 - **ASTM E331 Water Penetration**
 - **ASTM E330 Structural Performance**
 - **ASTM E283 Air Infiltration**
 - **Florida Approval Numbers - FLI0280, FLI3504, FLI3456**
 - **Texas Dept. of Insurance - RWA-01**
